**2. Contribution<sup>20</sup>**

<b>Contribution Item</b> <i>(Please itemise as far as possible.)</i>	<b>Cash<sup>21</sup></b> <i>(HK\$)</i>	<b>In-kind<sup>22</sup></b> <i>(HK\$)</i>	<b>Remarks</b> <i>(Please show calculation of each item as far as possible.)</i>
<b>(1) Applicant's contribution</b>

(ii)			
<b>(4) Other means</b>			
(i)			
(ii)			
<b>(II) Total Contribution</b>	<b>(Cash)</b>	<b>(In-kind)</b>	<b>[Cash + In-kind]</b>

<sup>20</sup> The Grantee is required to contribute to the Project Cost through self-financing and/or through third party sponsorship, project income or other means. The aggregate amount of such contribution must be equivalent to at least 10% of the total eligible Project Cost. Contributions can either be in cash or in-kind.

<sup>21</sup> For an application submitted by a Government-subservent organisation, the Applicant must secure cash contribution from non-subservent organisation(s) or company(ies) in the private sector and the amount must not be less than 5% of the Project Cost.

Manpower cost of existing staff in a Government-subservent organisation can be included in the Project Cost and considered as a contribution in-kind by the Government-subservent organisation. However, any grant approved under PASS must not be used to finance such manpower cost.

<sup>22</sup> In-kind contribution can take the form of required manpower and resources (e.g. venue rentals) directly related to the implementation of the Project and be included in the Project Budget. Applicants are required to provide documentary proof on the valuation and supplementary information on the usage of in-kind contribution. In assessing the monetary value of manpower contribution, references will be made to the actual salary of the existing staff deployed for the Project or the prevailing market rates of the tasks undertaken by the staff involved.

In-kind sponsorship(s) can be sourced by phases.

<sup>23</sup> While only non-profit making projects are eligible under PASS, project income (e.g. admission fees and course enrolment fees) may be counted towards the Grantee's contribution to the Project Cost. Where appropriate, the Grantee may charge fees for the use of Project Deliverables. However, the fee level must not be higher than the cost. Please set out the basis or assumptions (and provide supporting document, if applicable) on which the project income figures are calculated (e.g. prevailing market prices).

In case the actual project income is lower than expected, the Grantee must cover the shortfall required for implementing the Project. PASS will not provide any additional funds. Nevertheless, in case the actual project income is higher than expected, the Grantee must return the surplus project income, but up to the amount of the PASS grant plus the interest generated from the Project Account.
